Analysis

Organization

Recent Computer Science graduate with a strong foundation of programming logic and programming paradigms. Seeking a full time position as a software developer. Excited to put all my skills to good use and to continue to grow as a programmer.

Education

2019 — **Gonzaga University, Spokane, WA, BS in Computer Science, 2019**
- BS in Computer Science, May 2019

2017 — **University of California Irvine**
- Full Stack Web Developer Certificate

2012 — **Westlake High School, Westlake Village, CA**
- Graduated with honors, June 2012

Experience

2015 - 2016 — **IT Support Technician**
Gonzaga University
- Monitor and maintain computer systems and networks.
- Installing and configuring computer systems, diagnosing hardware and software faults.
- Knowledge of Windows and Mac operating systems.
- Ability to troubleshoot technical issues with customers over phone, online, or in person.

Courses

Object Oriented Programming

Data Structures

Database Programming

Machine Level Programming

Artificial Intelligence

Design and Analysis of Algorithms

Data Visualization

Computational Theory

Computer Graphics

Computational Modeling

Cryptography

Projects

Small Talk Web Application, Gonzaga English Learning Center
- Develop a Dynamically growing classroom where teachers and students can post/complete assignments all online.
- Technologies Used: Javascript, JQuery, CSS, HTML, Ajax, SQL, MS Azure

Memberships

2014 - 2016 — **Computer Science Club, Gonzaga University**
